

MIGHT CLARIFY LEAGUE SITUATION

Says Kenyon, On Question of Whether U. S. Could Withdraw At Any Time

(By Associated Press)
Washington, July 18—The President continued his conference with the republican Senators today, discussing the peace treaty and League of Nations covenant at length with Senators Capper, of Kansas, and McNary, of Oregon.
Kenyon and Kellogg would not discuss their conversation with Wilson but as he went to the White House Senator Kenyon said he intended to ask about a statement of Senator Swanson, democrat, of Virginia, that the United States could withdraw from League whenever it desired. He added this is a very important point, which would clarify the situation.

Senator Capper, republican of Kansas, said after his call at the White House today for conference with the President, that Wilson is still insistent that the peace treaty and League of Nations covenant be ratified without reservation. Wilson took a stand, Capper said, that the adoption of reservations is certain to be misinterpreted abroad and would set a precedent that other nations might follow.

Stolen Love Costs Thief \$3,500

A jury at Hartford, Ohio county Thursday returned a verdict of \$3,500 in favor of the plaintiff in the suit of Oma L. Turner against Mary Heavrin, charging alienation of the former's husband's affections. This has been a most unusual case, it being the first time one woman ever sued another on that charge. The trial was dramatic throughout, but the court house was crowded, especially on the last day of the trial. The deposition of Mrs. Turner's divorced husband furnished the sensation of the trial. Mrs. Heavrin denied all the charges alleged in the petition. A few months ago Mrs. Heavrin shot at Mr. Turner in the street at Hartford shortly after he had given his deposition in the case. Mrs. Heavrin's husband was the republican candidate for Judge of the Court of Appeals in that district at the last election. The defendant will appeal.

NURSE MARVELS AT QUICK WORK

Mrs. Richey's Trutona Praise Convincing—Has Had 21 Years' Experience

Paducah, Ky., July 16—"Trutona" worked like magic in my case," Mrs. S. A. Richey, 66, 441 South street, said recently. Mrs. Richey has been a resident of Paducah for the past 27 years, 21 years of which time has been spent as a practical nurse. Mrs. Richey's experience with medicine lends inestimable force to her endorsement.

"I had kidney trouble for several years," she continued. "Pains in my back were so severe at times that I could hardly get around. My stomach was in bad condition too. After eating I'd feel bloated and would be annoyed by a shortness of breath. Because of my weakened kidneys I would have to get up often during the night. "I've gained remarkable relief from Trutona, however, I never have to get up at night any more and the pains in my back have disappeared. And my stomach—well, it's sufficient to say that I enjoy my meals as never before. The beauty of it is that every thing agrees with me. I can recommend Trutona as THE medicine that gives relief. Trutona is now being introduced in Richmond, at H. L. Perry & Son's."

HUNTING TEACHERS FOR LOCAL SCHOOL

The Lexington Leader said Thursday: John H. Payne, superintendent of the city schools at Richmond, was at the University of Kentucky today in an effort to get teachers to fill four vacancies in the Richmond schools. At the present time teachers are usually difficult to secure, Mr. Payne said, because of the fact many who have been teaching have forsaken the profession and gone into other lines of work where they can make better salaries. He cited one instance of a woman principal of a school in Kentucky who was making \$80 a month and had gone about as far as she could there. She was offered a position in Detroit at \$150 a month with work the year around. Mr. Payne graduated from the college of arts and science, University of Kentucky, with the class of 1914.

Other prisoners in Fort Jay, who accused Smith of mistreating them, leaped upon the former officer, before the guards could restrain them and he is now in a hospital.

In the statement Mr. Dallingier asserted that other witnesses would be called to prove that a Lieut. Mason, another officer in charge of camps, "clubbed prisoners, robbed them and stole their money," yet his sentence was nothing more than a dishonorable discharge.

Loss of Appetite

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.
